

CyMetric K-12 User Group Conference v1.0

Date: October 13, 2022

Time: 7.30AM-4.00PM

Venue: Capital Region BOCES - Northeastern Regional Information Center (NERIC)

Location: 900 Watervliet-Shaker Rd, Albany, NY12205

Audience: Data Protection Officers, Technology Directors, District Administrators

Time	Topic	Speaker
7.30-8.00AM	Registration/Breakfast	
8.00-8.05AM	Introductions and Welcome	Michael Compisi, President, Caetra.io
8.05-9.00AM	Legal Perspective: Cybersecurity and Privacy Program Assessments. The importance of cybersecurity/privacy program assessments, communicating outcomes to stakeholders and how to keep assessments private/confidential when subject to FOI laws.	Alan Winchester, Cyber Response Practice Group Leader, Harris Beach PLLC.
9.05-10.00AM	Cybersecurity Insurance: The current landscape for the K-12 space, what is being asked of schools to secure underwriting, how does underwriting tie back to NIST CSF and the security controls used to support the CSF.	<i>Brett Carruthers, Senior Vice President and Director of Risk Management, NYSIR* (Not confirmed)</i>
10.00-10.15AM	BREAK	
10.15-11:15AM	Risk Management: Using assessments to understand risk and how to document the process. Presentation will include a real-time use of CyMetric's assessment tool to facilitate an understanding of risk and how to document the process.	Dawn Russell, Director of Compliance and Risk Management, Harris Beach PLLC.
11.20-12.15PM	NYSED CPO: Update from NYSED CPO on the Department's work involving Ed Law 2-D, insights on 2-D evolutions and to answer questions from the audience.	Louise DeCandia, Chief Privacy Officer, NYSED
12.15-1.00PM	LUNCH	
1.05-2.00PM	The Dark Web and Managed Detection and Response (MDR): What is MDR and how does it reduce the risk of data from landing in places it is not supposed to be. How does MDR address many of the requirements called for in the NIST CSF?	Bruce Cheney, Sr. Presales Engineer, Arctic Wolf
2.05-3.00PM	Tabletop Group Exercises: Incident Response/Business Continuity/Disaster Recovery scenarios that drive interaction between operational elements of school districts. Documenting these exercises in your District and using this as a basis for assessing those CSF controls.	Facilitators: Greg Reitz, President, R20 Consulting; Antoinette King, President, CredoCyber Consulting
3.00-3.15PM	BREAK	
3.15-3.45PM	CyMetric: Product Roadmap	Alan Winchester, Chief Development Officer, Caetra.io; Michael Compisi, President, Caetra.io
3.45-4.00PM	Close Up Shop	

This event is co-sponsored by Monroe 1 Educational Services.
